ABOUT THE ARTIST

## **MATTEO CIBIC**

Matteo Cibic Studio is a creative company based in Italy. In the past 15 years Matteo and his team developed products and creative ideas for international companies, private collectors and cultural institutions.

Italian trans-media artist, designer and master in luxury fun, based in Italy. He is known for his objects with hybrid functions and anthropomorphic and joyful shapes. He works indiscriminately with industrial processes and small artisans, for luxury brands, collectors and hi-tech companies. His works are displayed in museums, institutions and galleries worldwide. Matteo is an international award winning designer, and his work is published internationally. He has been awarded International Young Talent of the Year 2017 by Elle Decor.

ABOUT THE ARTISAN

## SCAPIN COLLEZIONI

Scapin collezioni is an italian brand representing a new vision of contemporary design. Born as a branch of La Veneta, a company with historical reality and well-established in the world of classic furniture, aim to use the artisanship knowledge and technics revisiting objects in a modern key by using innovative materials and vanguard production technologies. Collaborations with best artists and designers combined with high quality production processes give to scapin collezioni its peculiarity on creating something iconic, characterized by soft shapes and tactile surfaces with sculptural solutions at the edge of the art.
